

BIMTECH and AIT Thailand sign collaboration agreement

| 22 August, 2011 0245IST

Asian Institute of Technology (AIT), Thailand and Birla Institute of Management Technology (BIMTECH), Greater Noida, have signed MoU

The heads of the institutions have announced that AIT and BIMTECH will also work together for collaborative research.

Asian Institute of Technology (AIT), Thailand and Birla Institute of Management Technology (BIMTECH), Greater Noida, have signed Memorandum of Understanding to elaborate the partnership for student exchange, joint faculty activities and joint training to industry.

The heads of the institutions have announced that AIT and BIMTECH will also work together for collaborative research in the areas of sustainable development, natural resource management, social business, and emerging market.

President AIT Professor Said Irandoust said on the occasion of signing of MoU, "This part of the world has contributed a lot to the concepts and models which requires more formal ways of documentation. Our partnership will contribute in developing knowledge from this part of Asia."

Dr. H Chaturvedi, Director, BIMTECH underlined the strategic strengths of both the institutes and informed that both the institutions will jointly organise executive programs for middle and higher level management for private and public sector companies.

The special focus of AIT in environment and social development and emerging focus of BIMTECH in sustainable development practices take them together to develop open source joint knowledge in form of case studies, conference/seminar and other academic outputs. This will engage faculty as well as students from both the institutions in the field work to produce practice based knowledge.

Chairman of the AIT Board of Trustees H.E. Dr. Tej Bunnag former Minister of Foreign Affairs, Thailand and Assistant Secretary General for Administration, the Thai Red Cross Society; Ambassador of Royal Thai Embassy to India Mr. Psian Manawapat were also present on the occasion.
